STORY

We believe the most trusted guardian for your beauty woes: Mother Nature herself

CR Spices Trading has a long history spanning for over 30 years. Which has a rich history and a spicy story to be told since 1984. CR Spices Trading is located in Embilipitiya, Kollonna a tradition Sri Lankan village away from the urban population. The spices are grown and process in the company itself which make the quality of the product high. CR Spices believes the spices have the power to change the health and the wellbeing of the consumer. This is why CR Spices holds the GMP Qualification certification and Bio Organic Certification.

We have joined hands with more than 2000 farms from four villages to get the best and 100% pure citronella oil. The oil which is collected from these farmers are processed in four different factories that is why our products are 100% guaranteed to be pure.

Vission

To be the best essential oil and spices supplier in Sri Lanka.

Mission

Our mission is to create an economically develop AGRO villages by providing the best essential oil and spices to our clients.

Our Products

Citronella

Citronella oil is considered as one of the nature's finest antibiotics'. Citronella is a grass the essential oil is extracted from from two varieties of citronella. The oil is rich in aroma which is used as an antibacterial, antidepressant, antiseptic, antispasmodic, anti-inflammatory, deodorant, diaphoretic, diuretic, febrifuge, fungicidal, insect repellent, stomachic, stimulant, tonic and vermifuge substance.

The cinnamon plant is a small, evergreen bushy tree. Cinnamon is used since biblical times for its fragrance, medicinal and culinary properties. Ceylon cinnamon also known as the "True" cinnamon is a highly delicious spice and it has been prized for its medicinal properties for thousands of years.

Cinnamon

Goraka or Garcinia Cambogia is a small pumpkin shaped fruit with a light greenish yellow color. Goraka has been used for centuries to treat many health problems, as well as for flavoring curries and chutneys, curing fish and meat, and preserving food. In modern days goraka is used as a herbal supplement to reduce weight, stomach ulcers and digestive problems.

Goraka

Pepper is cultivated for its fruit, which is usually dried and used as a spice and seasoning. Pepper has a long history of being used as a seasoning and as a preservative. Did you know that crushed pepper is one of the best exfoliators nature has provided us? It also enables blood circulation, and provides the skin with more oxygen. Adding it to your food also takes care of unwarranted skin wrinkles.

Clove

Cloves are the aromatic flower buds of a tree. Clove has been used for thousands of years as a medicine for many ailments. Ayurvedic medicine used cloves for tooth decay, halitosis, and bad breath. Cloves are of interest to the medical community due to their chemo-preventive or anti-carcinogenic properties. Tests have shown that cloves are helpful in controlling lung cancer in its early stages.
